

About Us

Resort De Coracao, with more than a decade of exemplary hotel management experience at different leisure locations in India, has become a familiar name to clients and travellers globally! Our presence is strong at the locations of Goa & Corbett where we combine the conveniences of a luxurious resort stay with unique experiences that leave a positive note on every guest. Rather than guest satisfaction, we strive for customer delight and that is what makes us stand out from the rest. The biggest reason for our success is transparency, our commitment to our clients and our service-oriented approach.

At present, Resort De Coracao manages two luxurious hotel and resort properties, under the brand name Resort De Coracao . The first is a marquee 4-star equivalent hotel, 5 minutes walk away from the 'Queen of beaches', Calangute, in North Goa, and the second, a sprawling 12-acre resort at Jim Corbett National Park in Ram Nagar, Uttarakhand.
